GENERAL CONDUCT:

A. Each person joining the SBC will be expected to conduct themselves in a manner that reflects the wholesome image of the organization. While the tournaments are highly competitive in nature, good sportsmanship must be paramount at all times. Members are expected to be role models. This is a family-oriented organization.

B. At no time shall any boat captains or crew make verbal or written contracts that effect the splitting or receiving of a percentage of a tournament prize or purse and/or Calcutta with another team or boat entered into the same event or the tournament trail itself. This practice sends the wrong message to newcomers and members not fishing on sponsored teams. Failure to conform will result in the immediate forfeiture of all points for the season for all boats and members involved.

C. Captains are responsible for their crew or team members during all aspects of an event.

D. Demeaning another member's character or heritage will not be tolerated.

E. Verbal and/or threatening behavior, as well as public confrontations while participating as an SBC member is unacceptable.

F. Any member putting the welfare of the SBC and/or the general membership at risk with sponsors, potential sponsors, or pending sponsors, may be suspended from the SBC immediately by the SBC management present. The tournament Director must review and determine the final status of any member's privileges. See the section on Disqualification and Reinstatement for appropriate procedure and actions required.

UNDERSTANDING THE SBC RULES:

It is the responsibility of all SBC members to familiarize themselves with all the rules and regulations of this association and upon joining the association, agree to abide by said rules and regulations. Members also agree by joining said association, that all decisions of the SBC tournament Directors and/or the SBC management are final.

PUBLICITY AND LIABILITY RELEASE:

By registering as a member of the Striped Bass Challenge, Inc., the member consents to the use, without payment or restrictions, of any photographs and his or her name in which the member, his crew, and/or boat appears for any purpose whatsoever. It is the responsibility of the SBC member to obtain and understand the rules of each tournament they participate in. If an angler is disqualified from an SBC tournament because of a rule violation, regardless of the severity of the violation, no member aboard the boat will receive points for that tournament. If a violation is of the magnitude that it could cause SBC membership privileges to be in jeopardy, the situation will be brought before the SBC Management. Any member having membership privileges revoked, will be disqualified from winning any prizes for the season including those prizes the member may have qualified for prior to the infraction. Any member with membership privileges revoked can petition to the SBC management for reinstatement, in writing.

In all cases, the decision of the SBC management will be final. The SBC has the right to refuse association membership to any person or persons.

ALCOHOLIC BEVERAGES AND/OR ILLEGAL DRUGS PROHIBITED:

The use of alcoholic beverages during a tournament is prohibited by the management of the SBC. VHF RADIO:

Members are asked to practice common sense when using their VHF radio. Bad language with children possibly listening, poor sportsmanship, and the demeaning of other anglers on the radio may result in points not counting for that event, frequent abuse could result in expulsion from the association.

CONSERVATION:

The SBC promotes the goal of "Responsible Catch-and-Release" to improve the size structure of the striped bass population, while simultaneously promoting the "Catch-and-Keep" of fish during the periods when live release of larger stripers is impractical. To accomplish this goal, the SBC will continue to develop and promote the live release of tournament quality striped bass caught during tournaments when practical. Each and every SBC member is encouraged to practice and set examples of good conservation. On those few fisheries where natural reproduction has been documented, the SBC suggests that as a minimum, take only the fish that will be weighted and release the smaller fish
